

RTP Electronics Recycling Day

- Who:** RTP Employees*
- What:** Household Electronics Recycling
- When:** Wednesday, April 22, 2009; 7am - 6pm
- Where:** Nortel's Gateway Facility in RTP
4001 E. Chapel Hill Nelson Hwy (Hwy 54)
*Directions: From I-40 E or W take the Davis Drive exit and turn left at the end of the ramp. Take a left onto Hwy 54. At the **first traffic light**, take a left into Nortel and follow signs to the event.*
- How:** **You must download** and bring a completed event form found here: www.environmentrtp.org/NewsEvents.html

** This free event is only available to employees of companies/organizations located within the boundaries of The Research Triangle Park. No equipment from businesses!*

Charitable Donation Opportunities:

Our partner group, **Kramden Institute, Inc.**, is specifically looking for working laptops (700MHz or faster with power supply), any size LCD flat panel monitors, and USB thumb/flash drives to refurbish and donate to less-advantaged students in North Carolina. Donors may receive tax donation receipts. For more information, visit www.kramden.org.

Environment@rtp is a committee of the RTP Owners & Tenants Association focusing on environmental issues facing RTP companies. Established in 2002, the committee is funded by the RTP Service District. **Special thanks to Nortel for hosting the event.**

ACCEPTABLE materials:

- Computer systems/monitors/peripherals (limit 3 systems per RTP employee)
- Televisions 27" or smaller (no consoles)
- Mercury thermometers/thermostats
- Stereo/audio equipment
- Desktop copiers/faxes
- Cell phones
- VCRs or DVD players

Materials NOT accepted:

- Speakers larger than 18" per side
- Televisions larger than 27"
- Smoke detectors
- Appliances
- Office equipment (e.g. large copiers)
- Other non-residential equipment
- All other household hazardous waste

PLEASE NOTE: *Environment@rtp is NOT responsible for any personal matters left on your computers or electronic devices. Please make sure you have erased any personal information from your devices before you bring them to the recycling site.*
