

**American Chemical Society
Agricultural and Food Chemistry
Young Scientist Award Symposium**

In Conjunction with the
238th ACS National Meeting
August 16-20, 2009
Washington, D.C.

This symposium is sponsored by the Agricultural and Food Chemistry Division (AGFD) of the American Chemical Society.

This symposium is designed by the AGFD to showcase the research talents of outstanding young scientists in the fields of study encompassed by the Division.

Participation in the symposium is open to all young scientists who have earned their last degree within 12 years of October 1st of the year of presentation. The award will be presented at the 238th ACS Meeting in Washington, D.C.

Those young scientists chosen to participate in the symposium will receive travel expenses up to \$1000 to attend and present their research at the fall meeting of the ACS. The AGFD Advisory Board will choose those young scientists who will participate in the symposium and from which the AGFD Young Scientist of 2009 will be chosen. The winner will be awarded \$1000 and an engraved plaque.

Applications are being accepted from young scientists or nominations may be made by colleagues. To be considered, please submit the following items (by e-mail if possible):

1. application letter or letter of nomination
2. curriculum vitae including a list of publications, patents and presentations
3. 2 letters of recommendation
4. 2 page summary of the research of significance
5. 150 word abstract of the proposed oral presentation (ACS format)

Send material to Dr. Charles J. Brine
 28 Tee-Ar Place
 Princeton, NJ 08540-3946
