

Science Café

6-8 pm Tuesday, February 26, 2008
Kelleher's Irish Pub

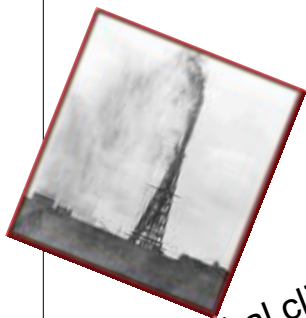

Renewable Energy Series Ethanol: Food versus Fuel

What do we use petroleum for?

- Fuel our cars, trucks, and planes
- Heat our homes & businesses
- Medicines
- Clothing
- Fertilizers, paints, inks & other chemicals
- Plastics for toys, vehicles, containers, appliances & packaging

Oil price reaches \$100 per barrel!

Global climate change from burning of fossil fuels.

Energy demands devour food crops!

Kelleher's Irish Pub
619 SW Waters Street
Peoria, Illinois 61602
309-673-6000
Appetizers provided.

Join us for stimulating
discussion about the
petroleum economy
and the promise of
biofuels.
